Insert the Abstract of the Disclosure attached hereto into the instant application.

IN THE CLAIMS:

Rewrite the following claims:

- Claim 1 (Amended) A structure comprising:

a substrate having a surface;

a plurality of <sup>(15)</sup> bond wire elongated electrical conductors extending away from said surface;

each of said bond wire elongated electrical conductors having a first end affixed to said surface and a second end projecting away from said surface;

there being a plurality of said second ends;

said first end and said second end of said bond wire elongated electrical connector having a ball-shaped protuberance positioned thereon;

[a] means for permitting <sup>(23, 24)</sup> each of said plurality of said second ends to move about reference positions. -

- Claim 3 (Amended) [A] The structure according to claim 1 wherein said means for permitting each of said plurality of second ends to move about reference positions is a sheet of material having a plurality of through-holes therein through which said second ends project, [therebeing] <sup>(23)</sup> there being a perforation in said sheet in the vicinity of <sup>each of</sup> said openings. -
